

# Q&A: Owuor claims the “Shekinah Glory” descended on him..what is that exactly?

**Anonymous** asks: *You remember dr.Owuor? well now he claims the “Shekinah Glory” descended on him..what is that exactly? and is this just a hoax invented by him?*

Wikipedia tells you something about “Shekinah Glory”  
– <http://en.wikipedia.org/wiki/Shekhinah>

It is associated with God’s presence in The Temple and is therefore messianic in its implication.

One can conclude, therefore, that it is a hoax.

PS. The Dr. Owuor stuff gets a surprising amount of hits on this blog. It’s strange that something so peripheral to my interests is so popular.
