

Q&A: You condemned Dr Owuor's Prophecy...

Troy asks: *You condemned Dr Owuor's Prophecy. Why did you remain Silent when it came to pass?*

Thanks Troy. I assume you are referring to my post from quite some time ago about Dr. Owuor's prophecy concerning Tasmania.

As far as I am aware there has been no earthquake in Bass Strait that has caused a tsunami to inundate Tasmania so I'm not sure what you're getting at.

I am still intrigued that a post I wrote in response to a query from one of my congregation still generates so much traffic, and interest, on this blog. It's not something I have a particular interest in! So excuse me silence, but is definitely silence from an absence of prophecy fulfillment.

In the unlikely event that a tsunami happens here in Tasmania, assuming I have access to the Internet, I can promise you I will make a comment about it on this blog.
